Dear colleagues and members,

We hope you enjoyed the holidays and were able to spend some time with family and far away from work. Nonetheless, we wish to seize the opportunity provided by the start of the new year to remind you of the upcoming Experimental Finance 2016. The organizers have been busy and we are thus able to present you with some updates regarding the conference. We are also happy to report that the Journal of Behavioral and Experimental Finance (JBEF) has a new board on which our society is very well-represented. Finally, we kindly ask you to check your address details so we can be sure we are up-to-date regarding your coordinates.

Best regards,

Jürgen Huber, Stefan Palan and Thomas Stöckl

The organizers of the EF 2016 have not been idle and the conference website is now up and running. We have also lined up two exciting keynote speakers for the conference. Armin Falk (University of Bonn) and Terrance Odean
(University of California, Berkeley) have confirmed their participation in this capacity. Please do not miss any deadlines:

- Paper submissions are due February 8, 2016 (find the call for papers here),
- registration opens February 2, 2016, and
- the early registration cutoff is April 8, 2016.

New editorial board at JBEF

The Journal of Behavioral and Experimental Finance (JBEF), has a new board since January 1, 2016. The new lineup includes a second co-editor in chief and a group of associate editors who will complement the existing editorial board by playing an even more active role in the day-to-day business of handling submissions and reviews. The new board look as follows (members with a connection to the SEF marked in red):

- Co-editor in chief: Michael Dowling (ESC Rennes School of Business)
- Co-editor in chief: Jürgen Huber (University of Innsbruck, SEF Managing Director)
- Associate editor: Stefan Palan (University of Graz, University of Innsbruck, SEF Secretary)
- Associate editor: Astrid Salzmann (University of Aachen)
- Associate editor: Oliver Spalt (Tilburg University)
- Associate editor: Stefan Trautmann (University of Heidelberg, SEF member)
- Associate editor: Utz Weitzel (Utrecht University, Radboud University Nijmegen, SEF Scientific Board member)

The full editorial board can be seen on the journal homepage.

We are excited about this change, as it increases the journal’s heft in the experimental finance community and strengthens the SEF’s cooperation with JBEF’s board.

Call for information about EF paper publications

The SEF website contains a list of papers which were presented at an Experimental Finance conference and which have since been published by a journal. Please be sure to let us know when your own paper was published so we can include it on the website. Simply send us a short mail containing the citation and the year of presentation at an EF conference to office@experimentalfinance.org. We believe that presenting such a list on our website not only helps document the scientific heft of the society, but also increases the visibility of your work.
